2. Conformance Declaration

Based on independent re-audit findings, the website ztrades.com conforms to WCAG 2.1 Level AA as of 08 June 2026. All Level A and Level AA non-conformances identified in the original audit (07 May 2026) have been verified as successfully remediated.

Pages covered by this certificate: Home | About | Policies & Investor Awareness | Contact | Investor Charter

3. Evaluation Methodology

This re-audit was conducted in accordance with the W3C Website Accessibility Conformance Evaluation Methodology (WCAG-EM), comprising automated scanning (axe DevTools, WAVE, Lighthouse), manual keyboard-only navigation, screen reader testing (NVDA 2024.1 with Chrome; VoiceOver on iOS), and structural review (HeadingsMap, W3C Nu HTML Validator, WebAIM Contrast Checker, Chrome DevTools). Each of the 12 non-conformances identified in the original audit (C083, 07 May 2026) was individually re-tested and verified as remediated. No new issues were introduced as a result of remediation changes.

4. Important Notice

- This certificate is valid as of the re-audit date of 08 June 2026. Future content updates, design changes, plugin upgrades, or technical modifications may introduce new accessibility issues and should be subject to re-evaluation. This certificate does not provide prospective or ongoing conformance assurance.
- This certificate does not constitute a legal certification of compliance and is not an endorsement by the W3C, IAAP, or any regulatory authority. The conformance assessment is based on a representative sample of pages tested on the re-audit date using the tools and methods listed herein. Ultimate legal responsibility for accessibility compliance and ongoing maintenance remains with the website owner.
- This certificate must be read in conjunction with the Re-Audit & Verification Report (08 June 2026) and the original Accessibility Audit Report (07 May 2026), both forming part of this engagement. The certificate is not valid as a standalone document.

5. Additional Observations

The following observations are noted as best-practice enhancements. They do not constitute failures of any WCAG 2.1 success criterion and are provided for the website owner's consideration to further improve the accessibility experience for all users.

- **Font Size Adjustment:** Providing controls to adjust text size helps users with visual impairments read content comfortably.
- **High Contrast / Theme Mode:** A high-contrast or dark/light theme switch supports users with low vision or colour sensitivity.
- **Search Functionality:** An accessible search feature allows users to quickly locate information, reducing navigation burden.

6. Auditor Declaration

I confirm that this compliance certificate is issued on the basis of an independent post-remediation verification conducted by me personally, objectively and without conflict of interest, in accordance with WCAG 2.1 Level A and Level AA success criteria (https://www.w3.org/TR/WCAG21/) and applicable digital accessibility best practices. All findings are my own professional assessment as an IAAP Certified Accessibility Professional (IAAP-032267).
